

REJECTED MEN ARE STRIPPED OF UNIFORM

But Col. Colston Forces State Militia Officials at Ft. Thomas to Change Tactics

THEY TRY TO SHIFT BLAME

By Maurice Dunn

Ft. Thomas Ky July 13.—A. I. is not harmony in the mobilization camp of the troops of Kentucky this morning. The storm broke last night when sixty two men from E Company First Regiment of Louisville were to be sent home almost stripped of their clothing and uniforms they wore to the camp because the State holds each captain financially responsible for ever partial of equipment allotted each man.

Things have not been running smoothly in the camp for some time and considerable complaint has been heard of the suffering the disaffected men have had to undergo to make the trip home.

The issue was brought to a head last night when the detachment from E company was stripped of the most of their uniform before they started for Louisville. Many of the guardsmen wore no shirts and some had no socks. Some were worse clad in addition to being subject to a driving rain with little protection.

The manner in which the men were about to leave the camp and the very unfavorable impression it would make on the citizens of Louisville was brought to the attention of Col. Wm. A. Colston commanding officer of the first Regiment. Col. Colston soon learned that it was within discretion of the company commander as to the manner the men were to leave camp as he alone is held responsible for equipment.

Col. Colston rather than have the men return to Louisville in the condition they were in asked that the captains be allowed to return to their home station with the detachment and then collect the uniforms and return them to the state.

He was informed that the state would not pay the expenses of an officer to make the trip. Col. Colston's answer was that before he would allow these men to leave this camp the money would be expended from the regimental fund and if this was not available he would pay for it personally.

When the men learned they would be allowed to wear the clothing they came up here with, there was a mighty cheer for Col. Colston.

As the result, Lieut. H. H. Stone left with sixty two men for Louisville last night and will see that the equipment is returned.

TUESDAYS GAME PLAYED BY JUNIORS

The ball game Tuesday afternoon between the Madisonville Juniors and Earlinton Juniors resulted in the visiting team winning by quite a majority the final score being 23 to 8. The Earlinton team was considerably weakened by not having all of their own players but both sides did pretty good work and seemed to be enjoying the excitement of cavorting about the diamond.

B. E. NIXON'S RESTAURANT

Will Give Some Lady From This County a Free Trip to The Mammoth Cave

WITH THE EARLINGTON BEE'S PARTY

B. E. Nixon will give some lady in Hopkins County a free trip with the Bee's Green River to Mammoth Cave party on Aug. 26th. The plan is as follows: For every penny you spend at Nixon's from now until Friday night Aug. 25th, you will receive one vote on the trip, for \$1.00 one hundred votes and so on. These votes will be deposited in a ballot box in the store and counted every Friday morning and the standing of contestants published in the Bee. All votes must be turned in each week not later than Thursday night for Friday's count. The party having the highest number of votes on the last count will be awarded the free trip. This will be a very easy contest to win as all the contestant has to do is ask their friends to trade with Nixon and give them the votes, keep it up every day until this short contest is over and you will be surprised how easy you won the trip. Anyone wishing to enter this contest will hand in their names at Nixon's Restaurant or the Bee Office. The following have been entered:

Keep The Town Clean

A clean town attracts attention whenever and wherever it is seen. A dirty one catches the public eyes in even less time.

When the streets and alleys and yards and vacant lots in a town are clean and sanitary in bespeaks a like condition on the part of the residents with regard to their personal habits. The lord loves a clean man or woman, and the devil worships a dirty one. Which do you prefer?

If each person in this town would use just a little more energy and thoughtfulness we could make this one of the cleanest spots in the country and our reputation would grow apace.

Not only would we benefit thusly, but the health of the community would be vastly improved and the physical capacity of the people would be greatly increased.

A clean man works with pleasure and with a definite object in view. Generally he gets there. The dirty one labors from necessity only has no ambition and is the black eyes that kill the town in the eyes of other people. Keep the town clean.

All men make mistakes in the eyes of the Lord and other people. A few never do in their own estimation.

DANGERS REAL AND FANCIED.

The average woman will scream with terror at the sight of an innocent little mouse, and then complacently sit down and suffer in silence with diseases that are destroying her youth, her beauty, her very life. She will uncomplainingly resign herself to the woes and miseries of female troubles, which are to be dreaded a thousand times more than a tiny mouse. It is gratifying to know that untold numbers of women are being restored to perfect vigor and strength by Dr. Pierce's Favorite Prescription. It benefits uterine disorders. The exact name of the disease doesn't amount to a row of pins. If it is in the womanly organs, "Favorite Prescription" will hunt it out and benefit it. It can be a drain, a pain, an inflammation, an irregularity or a weakness, and this medicine will act as a true tonic and help restore the organs to healthy action. It prepares the girl to become a woman; the wife to become a mother; the middle-aged to pass the "turn of life" in safety. It is not a "cure-all" but a medicine for women only, and is the prescription of Dr. Pierce, Buffalo, N. Y., the world-famed specialist in the treatment of disorders of women. Any reader of this paper may consult Dr. Pierce free by mail.

Covington, Ky.—"I had 'Favorite Prescription' recommended to me. I had to overcome some conditions of nervousness and was run down. When I began using 'Favorite Prescription' I lacked ambition and strength. I used two bottles and it proved a strengthening and in every way beneficial medicine."—Mrs. Mollie Keston, 1335 Greenup St.

Idle Hour Wednesday evening when the vitagraph four reel feature "The School for Scandal" was shown. After the show refreshments were served at the King's Drug Store.

Miss Mable Browning gave a slumber party Wednesday evening. Her guests were Misses Thorton, Rayborn, Corey, McMillan, Long and Davis.

Miss Elizabeth Kemp left Friday morning for Nolin where she will visit Mrs. E. C. Brandon.

Miss Margaret Bourland came up from Dixon Monday with a party of friends and spent a few days with the Misses Hanna.

Corporations in the district contributed \$277,159.66 under the income tax law, while individuals paid out of their incomes \$103,183.91.

J. T. McNay, of near Goforth, near Falmouth reports that a large swarm of bees took up a home recently in one of the chimneys of his home. The busy little fellows cleaned all soot from the chimney and went to work to fill the place with sweet clover honey. The bees became too annoying by coming down the chimney and into the house, and Mr. McNay had to smoke the bees out.

Some of the country school districts are growing rich through petroleum strikes on school lots, according to returning operators. The operators have extended drilling to numerous school lots and some good strikes are being made, the schools receiving a good royalty on production. Revenue from this source may grow sufficiently to support a proposed county high school.

William Patterson, 12-year-old son of Cyrus Patterson, of West Point, lighted his last giant cracker, left over from the Fourth, decided on a spectacular "stunt" for the "wind-up" of the celebration and placed it in his mouth. The attending physician says he will recover unless tetanus develops. His tonsils and his tongue were badly torn and he nearly bled to death.

The Board of Trade Journal for July calls attention to the significant fact that Louisville shows a larger percentage of increase in bank clearings for the first five months of 1916 as compared with the corresponding five months of 1915 than any other city of between 200,000 and 300,000 population in the country. The total for the period ending May 31, 1916, was 45 per cent more than for the same five months of last year.

Governor A. O. Stanley, of Kentucky, reviewed the entire Kentucky Brigade Monday afternoon at Ft. Thomas. Upon his entrance to the post the Governor's salute of 17 guns was fired. In the afternoon at 3:00 o'clock the Kentucky Brigade was formed on the parade grounds and passed before the band stand, from which the Governor and officers of the National Guard reviewed the troops.

Four persons were drowned in the Kentucky River, near Big Eddy, a few miles from Frankfort when a yacht carrying eight persons was turned over by the suction of a passing boat. The dead are Miss Ann Embry, Paris, Ky.; Miss Frances Champ, Paris, Ky.; Carol P. Dale, Lexington, Ky., and Eugene Buchignani Lexington, Ky. The rescued were Miss Ann Molloy, Samuel Reeves Robert Hollingsworth and Cardwell Chinn.

Twelve machine guns and 12 motor trucks have been ordered as equipment for the Kentucky Brigade, according to information from the Department of the East received at Ft. Thomas. The First Regiment is the only unit of the brigade which has organized a machine gun company, and news of the artillery shipment means two additional gun companies will be organized at once, one in the Second Regiment and one in the Third.

Kentucky contributed generously to the support of the Federal Government during the last fiscal year, which ended June 30, according to the preliminary statement of the receipts from ordinary internal revenue and from corporations and individuals under the income tax law, made public by the Secretary of the Treasury at Washington, D. C. Her aggregate collections were \$37,246,657.73. This is an increase of more than \$3,500,000 over the collections of the fiscal year of 1915.

The Harlan Coal Mining Company, of Louisville, which proposes wireless telegraph service between the Harlan County coal fields of Southeastern Kentucky and Louisville, reports successful experiments with a newly installed apparatus at its Coxton mining plant. Messages were heard as far away as Pensacola and the government station at Arlington. The mining company expects, it is stated, to carry on its routine correspondence between mines and the Louisville office by wireless.

Hugh A. McCane, of Pittsburg, has just married Mrs. Nellie Moore, of Greenville, Ky., as the result of a courtship by mail. Through a mutual friend they began writing to each other several months ago, their letters sounded just right to each other, and Mrs. Moore invited McCane to come down to Kentucky, which he did. They liked each other so well that the wedding followed. McCane has been twice married, while his bride blushing confessed that she has laid four husbands in the tomb. He is 58 and she 50.

Kentucky leads all states in the Union in thoroughbred horses, in tobacco, hemp and sorghum cane. The tobacco crop in 1915 was 360,000,000 pounds, more than one-third of the total crop of America. Kentucky is the tenth state in the production of corn, showing last year a yield of over 115,000,000 bushels. There are 15,000,000 bearing fruit trees in Kentucky, and last year Kentucky was the seventh state in the Union in the production of apples, the crop being 12,500,000 bushels, worth to the producers 71 cents per bushel.

Why Endure Summer Colds?

It isn't necessary to have a stuffed head, running nose, or cough your head off as it were. All you need do is to use Dr. Bell's Pine-Tar-Honey. The soothing and healing balsam opens the clogged air passages and in a short time you get relief and start on the road to recovery. Your nose stops running, you cough less and you know you are getting better. Get a bottle, use as directed. Keep what is left as a cough and cold insurance.

HEAT FLASHES, DIZZY, NERVOUS

Mrs. Wynn Tells How Lydia E. Pinkham's Vegetable Compound Helped Her During Change of Life.

Richmond, Va. — "After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the Change of Life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends." — Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dizziness, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness.

For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.

A GOOD COMBINATION

The Rocking Chair, the Madisonville Messenger, the Earlington Bee and McCall's Magazine

ALL FOR THE SMALL SUM OF \$3.00

Read this wonderful proposition From now until August 25th the Earlington Bee or the Madisonville Messenger will give to anyone in Hopkins County for the small sum of \$3.00 the following combination. One handsome rocker worth \$4.50, one years subscription to McCall's Magazine worth 50 cents, one years subscription to the Madisonville Messenger (twice-a-week) worth \$1.00 and one years subscription to the Semi-Weekly Bee worth \$1.00, a total of \$7.00 value all for \$3.00. You can't afford to neglect this proposition. Think of it, two good semi-weekly papers, a popular Fashion magazine and a splendid serviceable rocker for less than the retail price of the rocker. Call at the Bee Office in Earlington or the Messenger Office in Madisonville and see the chairs and a sample copy of McCall's Magazine. Remember this proposition closes on Friday, Aug. 25th, better take advantage of it now.

GOLD MEDAL FOR MAJ. F. D. RASH

Past Potentate With Soldiers Spends Evening With Shriners at Cincinnati

(Louisville Times)

Major Frank D. Rash, of Earlington, Ky., camp adjutant, is a good soldier and doesn't mind war except that he wishes the call hadn't come just at this time. For next to his country and his wife, Major Rash probably loves the Shriners better than anything or anybody else in the world. It so happens the Imperial Council Order of the Mystic Shrine is meeting this week at Buffalo, N. Y. Not only is Major Rash Past Potentate of Rizzpah Temple, Madisonville, but he had also been named one of two representatives from Rizzpah Temple to the Imperial Council. And his duties here prevented his going along on the special train that passed through Cincinnati loaded with Shriners on their way to Buffalo. Maj Rash met the party in Cincinnati and enjoyed one evening with the boys. Best of all, however, was the unexpected gold medal of a Past Potentate presented to him by the Shriners just as they were boarding the train that was to whisk them eastward. Maj Rash says he certainly will not risk taking the gift to Mexico.

Do You Look Like You Feel?

If you feel dull, stupid, tired, half alive, you can't help but look it. You slight your work or it lacks punch and pep. You are not putting up a good fight, you are not doing justice to yourself. Your whole system is full of poison, of body waste, of bile. Your liver is on a strike. It is dummed up with bile and the bile overflows and shows in your eyes, your skin, your actions. Your tongue is coated, you have a bad taste, and are just about half your old self.

Start the Bile

Get this bile back into regular channels, into the intestines and bowels where it is used by Nature to kill off disease germs. Clean out the liver with Carlsbad's Liver Powder, a good, old-fashioned liver medicine that doesn't taste good, that doesn't look good, that makes you frown as you swallow it, but makes you smile tomorrow.

Start the bile, get it back on the job and in a few days your skin will clear up, your eyes will sparkle with life, and you will have your old-time pep and punch. Don't hold back and wonder if this is true, just remember that the liver is a strainer, it takes the poison out of the blood and sends these strainings (in the form of bile) to kill disease germs in the bowels. Start the liver with Carlsbad's Liver Powder—a bottle costs you 25c.

ANXIOUS TO KEEP UP RECRUITING

National Guardsmen Not in Service to Be Given Charge

Nashville, Tenn., July 13 — A telegram from the war department ordering the mustering in of officers of the national guard as recruiting officers was received at the office of the adjutant general this morning. This communication indicates that the army officers are determined to recruit all of the men possible for service with the state contingents even after these contingents have left for the border.

The telegram received at the office of the adjutant-general is as follows: "Under instructions of the war department you are requested to submit by telegraph the names of well-instructed national guard officers not to exceed three for each regiment and one for each separate battalion or separate unit now in the service of the United States, to be mustered in as recruiting officers. All officers designated must be willing for this service, be active members of the national guard and exclusive of those already mustered into the service of the United States, as part of the contingent under the President's call, and no officer above the grade of major will be selected.

Please select also one sergeant, one corporal and one private for each recruiting officer district, these officers and enlisted men to report at once to mobilization camp in your state for muster in, physical examination, assignment to station and instructions."

PORT OF HEALTH HAS BEEN FOUND

The Discovery of Tanlac Has Made This Possible

A sea captain would never let his ship leave port without an anchor. He realizes that without something to hold his ship in port in case of emergencies the craft would be left to the mercy of the angry sea.

In the same way an individual should guard himself against the ravages of diseases that have become so common in this country. Without something to aid nature in combating these ill—stomach liver kidney and catarrhal disorders the individual is lost. Thousands have sailed happily into the port of Health on the good ship Tanlac. Tanlac the new reconstructive tonic has been a life-saver to suffering humanity.

The world is full of people with blighted lives—blighted through the modern mode of living in irregularity and excesses. Tanlac is changing the natural consequences of wrong living for its users and is giving renewed health and strength to those many who have sought to regain the wealth they have thrown away health.

Run down, nervous and half-sick people should give their bodies a chance and take a tonic appetizer and invigorant that will build up the tissues and restore the stomach to a normal working order. Tanlac will do this and more. Tanlac restores lost appetite bring good restful sleep banishes that nervous all-feeling vitalize the blood and gives the entire system a toning up.

To those who suffer the misery of a worn-out system those who lack appetite who fear to eat the thing that they like and heed the pain of an enfeebled stomach—Tanic is a boon.

Tanic may be obtained in the following nearby towns: Earlington, Geo. King & Sons; Madisonville, Gardiner & Bowmer; Mortons Gap, B. T. Robinson; Nortonville, City Drug Store; White Plains, Dr. Bailey; Mannington, Walter McIntosh; St. Charles, George King & Sons; Carbondale, G. A. Woodruff; Dawson Springs, Coleman & Wallace; Crofton, Brasher & Croft; R. F. D. Crofton, Rance & McIntosh; Princeton, Wylie & Walker.

Forest Notes

About 700 million feet of timber was cut on the National Forests in 1915.

Experiments with jack pine have shown that it is well suited for making kraft paper. One of the National Forests this tree is used to plant land which is too poor to grow other timber.

A new fire fighting tool has been invented by a Forest ranger in California which consists of an interchangeable hoe and rake. It is said to be the best tool of the sort yet devised.

The use of orange for making dyes promises to be extensive. The Forest Products Laboratory is making a census which shows that the supply of the wood is more than ample to meet present needs.

In parts of the West the Forest Service is cooperating with the Weather Bureau in distributing weather forecasts to the settlers. By the use of Forest Service telephones many isolated sections are reached which could not otherwise receive the reports. Sheepmen owning bands of lambing ewes will be particularly benefited, as the warning enables them to get their sheep under shelter and avoid the losses some times caused by late spring storms.

Starts Your Liver Without Making You Sick and Can Not Salivate

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tonic is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tonic is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tonic is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tonic is a pleasant-tasting purely vegetable remedy harmless to both children and adults. Take a spoonful at night and wake up feeling fine no biliousness sick headache acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tonic instead and feel fine full of vigor and ambition.

Bring Smiles

New Post Toasties were perfected to overcome the defects of old-style corn flakes. And the hearty welcome they have received is ample proof that their superiority is recognized.

New Post Toasties have a self-developed, inner-flavour—the rich flavour of choice Indian corn. Try a handful dry—they're mighty good that way, and the test will prove that, unlike common flakes, they do not depend on cream and sugar for their palatability.

New Post Toasties do not "chaff" in the package, and they don't mush down in cream like common "corn flakes." The New Post Toasties are identified by tiny bubbles on each flake—produced by the quick, intense heat of the new process of manufacture, which also develops their wonderful new flavour.

Have your grocer send a package for tomorrow's breakfast.

SPECIAL NOTICE

To The Citizens of Earlington

Because of the prevailing diseases, such as Typhoid Fever and Diarrhoea, caused by Germs which originate in filthy and unsanitary surroundings, and especially since there is a growing epidemic of Infantile Paralysis, which is a contagious disease caused by Germs from similar sources,

IT IS ORDERED by the Board of Health of this City that all weeds be cut from premises at once, that all closets be cleaned and kept clean. Garbage must not be thrown on ground in yards, streets or alleys, but must be put in containers with secure tops.

All stables, both public and private, must have all manure removed from premises.

We respectfully ask the co-operation of every citizen to the end that these orders are carried out.

Inspection will be made of all premises in 10 days from date of this notice.

By carrying out these orders it will prevent the Board from having to take the further steps necessary to safeguard the health of our City.
